*Members,*

*As short as our season was, there is still some work to be done. We have had 2 work days already, and there may be more in the future. This will be discussed at the meeting.*

*At the AWSC Director's Meeting the AWSC announced that in upcoming seasons they will be changing the membership format at the AWSC level. Memberships will All be expiring at the end of each season and need to renew starting in July of each year. We are already ahead of the game in this, as we started this at the club level 2 seasons ago!*

*\*Don't forget to utilize your membership rewards card and to thank the local businesses that offer our club members these special discounts!*
